

February 26, 2010

Dear Valued Customer,

We are pleased to announce effective February 26, 2010, Halron Lubricants Inc. has purchased the Wynn's distributorship from Fred Hohman and Hohman Company Inc.

Halron Lubricants is a fourth generation family owned distributor of lubricants, chemicals and ancillary products for the automotive, commercial and industrial markets in Wisconsin and Michigan's Upper Peninsula. For over 84 years Halron has marketed a broad range of high quality petroleum products and services to a very diverse customer base. With Halron's commitment to quality and service, you can be assured that every effort will be made to make the transition as smooth as possible.

Halron supplies customers through two distribution facilities, one in Green Bay and the other in Wisconsin Rapids. The Green Bay facility has over 50,000 square feet of packaged inventory storage and bulk oil storage capacity exceeding 500,000 gallons. The Wisconsin Rapids facility consists of 20,000 square feet of packaged inventory storage and 175,000 gallons of bulk oil storage capacity.

We are also pleased to inform you that Fred Hohman will be joining the Halron sales team and will continue to serve you as he did in the past. Please place your orders as you have in the past with Fred Hohman or call Halron directly at the numbers listed below. We are all extremely excited and ready to serve you.
